

# MUHAMMAD MUDASSAR

## COMPUTER SCIENCE STUDENT

03104301528 | m.mudassar2003@gmail.com | <https://muhammadmudassir9.github.io/>

### SUMMARY

I am currently pursuing a Computer Science degree at PUCIT. My coursework has equipped me with proficiency in C++, Java, Data Structures, OS, AI. I actively participate in the Programming Club and engage in Hackathons. I wish to explore opportunities where I can apply my theoretical knowledge to real-world scenarios.

### PROJECTS

#### Crowd Detection Application

Punjab University College of Information and Technology.

- Crowd Detection.
- CNN model.
- Model was implemented in Python and deep learning framework TensorFlow/Keras.
- Mobile Application was in Java.

### SKILLS

|      |      |                   |
|------|------|-------------------|
| C++  | Html | Critical Thinking |
| Java | Css  | Problem Solving   |
| SQL  | AI   | Microsoft Word    |

### EDUCATION

|                                                                                                             |                               |
|-------------------------------------------------------------------------------------------------------------|-------------------------------|
| <b>Bachelor of Computer Science   CGPA 3.29</b><br>Punjab University College of Information and Technology. | <b>2021 - Present, Lahore</b> |
